after)

REVIEW ITEMS (1)
-------------------------------------------------------------------
-------
These were left unchanged because the context did not settle the
pronunciation. Search the manuscript for the sentence shown.

[1] paragraph 2
    Sentence: I read it."
    Word:     READ — REVIEW — context insufficient to determine
present vs. past pronunciation
    Options:  red (past tense / past participle) / reed (present
tense / base form / noun (a good read))

ALL DECISIONS
-------------------------------------------------------------------
-------
    1. paragraph 2: read = red -> red  [singular subject 'she'
with 'read' (present would be 'reads')]
    2. paragraph 2: read = red -> red  [perfect tense after
'had']
    3. paragraph 2: read = red -> red  [singular subject 'It'
with 'read' (present would be 'reads')]
    4. paragraph 2: read = reed -> reed  [after the modal 'will']
    5. paragraph 2: read = reed -> reed  [infinitive ('to read')]
    6. paragraph 2: read = REVIEW (unchanged)  [context
```

insufficient to determine present vs. past pronunciation]
